

Digital Mammography is here

- Improves visibility of breast tissue, particularly when dense
- Detects cancer earlier, especially in pre-menopausal women under 50
- Decreased radiation exposure over standard mammography
- Shorter exam times, more convenient, less anxiety
- The most advanced technology available in Syracuse

Don't you deserve the Crouse experience? To schedule a digital mammogram, call the Crouse Breast Health Center at 470-5880.

Your care. In our hands.
