

2018

REPORT of DONORS

 **CROUSE HEALTH**
FOUNDATION

Dear Friends,

On behalf of Crouse Health and the Crouse Health Foundation, we extend our sincere gratitude for your contributions. This past year, we launched Carepassion®, a branding initiative to reflect the unique culture of caring and compassion at Crouse. You, our donors, play a key role in bringing Carepassion to patients when they need it the most.

With your support in 2018, the Crouse Health Foundation funded:

- Comfort items for oncology patients receiving treatment on Crouse's 4 South Irving unit
- Enhancements to the Miron Cardiac Care Center's Electrophysiology Lab
- Additional birthing beds for mothers delivering babies in the Kienzle Family Maternity Center, where nearly 4,000 babies were born last year
- Scholarships to 70 nursing students enrolled in the Pomeroy College of Nursing at Crouse Hospital
- Newborn sleep sacks to promote healthy and safe sleep environments for premature babies in the Baker Regional Neonatal Intensive Care Unit
- More seating throughout the hospital for visiting family members
- Advanced fiber-optic endoscopes to treat newborn respiratory ailments

And much, *much* more.

Thanks to your extraordinary support of the CrouseCares Campaign, Crouse is home to the region's newest ER – The Pomeroy Emergency Services department.

In addition to improving clinical outcomes and saving lives, your donations help us to provide more than just healthcare. Your contributions bring Carepassion to life each and every day at Crouse.

For this, we thank you.

CrouseCares Campaign Update

Donors and community members joined us in October to celebrate both the completion of the final phase of the Pomeroy Emergency Services Department and the tremendous support we received for the project, exceeding our fundraising goal with donations of more than \$11 million.

The final phase of the project added 7,000 square feet of space and 16 new patient rooms, up to seven of which will be dedicated to walk-in patients. The project also includes a new front entrance for patients and visitors.

With more than 79,000 patient visits in 2018, Crouse's emergency services department is the busiest in the area. "Crouse is a community asset, and the completion of this major strategic initiative is a tangible expression of our mission to provide the best in patient care for Central New Yorkers," said President and CEO Kimberly Boynton, adding that the emergency department is the "front door" to the hospital. In fact, some 54 percent of Crouse's overall patient admissions come from the ED.

"The opening of the last phase of this project, coupled with a rapid evaluation process that quickly directs patients to the appropriate level of treatment, will allow us to treat patients sooner and more efficiently," said David Mason, MD, medical director of Pomeroy Emergency Services.

As the region's newest, most up-to-date ED, Crouse provides nationally recognized care to match the advanced technology and efficient, coordinated and multidisciplinary process provided by more than 150 staff members in the ED, as well as in the clinical units throughout the hospital.

Syracuse residents Darlene and Eric Coons provided significant support for Phase 2 of the Pomeroy Emergency Services Department project. Their contribution was made in memory of relatives from the Makowski, Parkerson and Wadowiec families. A plaque was installed in the newly opened Rapid Evaluation Unit in honor of their contribution.

Donors, staff and volunteers gathered in October to celebrate the completion of the final phase of the Pomeroy Emergency Services Department. (left to right) Crouse Health Foundation President Carrie Berse; Crouse Health Board Chair Patrick Mannion; Sandra and Bill Pomeroy; Crouse Health President & CEO Kimberly Boynton; Deryn Pomeroy; Darlene and Eric Coons; Pomeroy Foundation Executive Director Paula Miller; and Pomeroy ED Medical Director David Mason, MD.

Building the Foundation for our Future

Leadership donors have set the pace in this historic campaign, committing \$15 million to the comprehensive campaign as of December 2018. We gratefully acknowledge the following donors who have made commitments to CrouseCares and invite you to join this historic initiative by making your pledge today. For more information, visit crouse.org/crousecares.

CrouseCares: A New Era of Intensive Caring for Little Fighters and Families

The Baker Regional Neonatal Intensive Care Unit (NICU) is a special place where miracles occur every day. Over the past 40 years, Crouse has grown to become home to the area's premier and highest level NICU, providing intensive care for newborns and families from a 14-county region of New York State.

Crouse's nationally recognized neonatologists—leaders in their field who provide highly specialized, world-class care around the clock—have worked together with more than 170 experienced and dedicated NICU nurses, physicians and other clinical experts to create a program that has long been considered the gold standard of neonatal care in Central and Northern New York.

The Baker NICU provides care for more than 1,000 premature and critically ill infants each year. Our neonatal transport team expertly and lovingly moves sick newborns by ambulance and helicopter between 18 affiliated birthing hospitals within our multicounty service area.

Today's NICU was built in 1999 and is not adequately configured to meet the needs of tomorrow's critically ill infants and their families. Through this campaign, our goal is to increase, modernize and transform the physical space of the unit.

This will provide more one-to-one care for our tiniest patients—our little fighters—as well as enhanced comfort and convenience for their families.

The project will:

- Upgrade critical equipment and technology to improve life-saving capabilities;
- Create an enhanced baby-and-family bonding atmosphere;
- Add more bassinets to accommodate the regional need for highest level NICU care;
- Include a new dedicated suite for milk preparation, and the Regional Milk Bank.

The majority of the funds will come from hospital operations and state funding. To complete the project, the Crouse Health Foundation seeks to raise \$10 million through private gifts to the CrouseCares campaign.

Neonatal Associates of CNY

The eight neonatologists of Neonatal Associates of Central New York provide care to infants from a 14-county region at Crouse's Baker Regional Neonatal Intensive Care Unit. In 2018, they pledged \$500,000 to the planned renovation of the unit. The neonatologists are (left to right): Melissa Nelson, MD; Swati Murthy, MD; Ellen Bifano, MD; Rebecca Barnett, DO; Beverly Roy, MD; Steven Gross, MD, medical director of Newborn Medicine and the Regional NICU; Bonnie Marr, MD; and Boura'a Bou Aram, MD.

A rendering of a patient and parent room in the expanded Baker Regional Neonatal Intensive Care Unit, which will receive its first upgrade in more than 20 years with funds raised for the CrouseCares comprehensive campaign.

Crouse Health Society

The Crouse Health Society is made up of individuals who share a vision for quality healthcare today, tomorrow and for years to come. Founded in 1991, gifts to the Society support the Crouse Health Foundation, a permanent source of funding for equipment, programs and services for Crouse Health.

The leadership gifts of Society members demonstrate their commitment to Crouse Health. Their generosity provides the support necessary for the hospital to invest in the latest equipment and technologies, enhance programs and services, and develop new initiatives to better meet community healthcare needs.

A Little Extra Comfort for Oncology Patients

Patients receiving cancer treatment at Crouse now are provided with extra comfort from Kelly's Comfort Zone, thanks to a donation from the Jim and Juli Boeheim Foundation in memory of Kelly Seubert. A loving and devoted wife and mother, Kelly was known for her cheerful personality and positive attitude. Syracuse University Basketball Coach Jim Boeheim called her "the heart and soul" of the men's basketball team, for which she worked as an administrative assistant for 13 years. Sadly, Kelly passed away in 2017 at the age of 53 after a courageous battle with cancer.

Kelly's family and friends were grateful for the care and compassion shown to her while she was a patient at Crouse. In late 2017, the Jim & Juli Boeheim Foundation approached the Crouse Health Foundation with an idea — a program in Kelly's memory to provide comfort, hope and a smile for cancer patients.

In April 2018, that idea became a reality when the Boeheim Foundation announced the creation of Kelly's Comfort Zone during their annual Basket Ball gala. Kelly's husband, Steve Seubert, attended the Basket Ball for

the announcement and to accept the Boeheim Foundation's MVP Award, which was renamed in 2018 in Kelly's memory. In the presentation to event attendees, the Boeheims said, "With joy, grace and laughter, Kelly brightened up the lives of those she touched."

Located on our 4 South Irving oncology unit, Kelly's Comfort Zone is stocked with blankets, socks, personal fans and personal care items for patients, as well as iPads for watching movies and reading books. Additional resources are available for families based on their specific needs.

"We are deeply grateful for this tremendous partnership with the Boeheim Foundation that will provide direct support to our patients and their families," said Colleen Phinney, interim director for Medical Surgical Nursing. "Kelly's positive attitude made an impact on all who knew her and, thanks to the generosity of the Boeheim Foundation, Kelly's Comfort Zone will brighten lives in her memory."

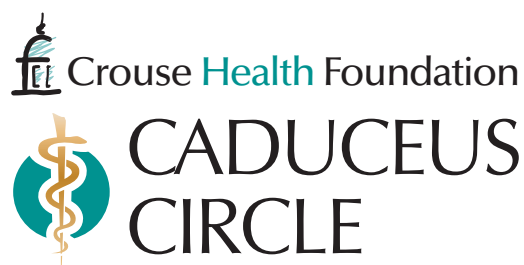

Kelly's husband, Steve, visited Crouse to see first-hand the impact Kelly's Comfort Zone will have for patients at Crouse. He was joined by members of Crouse's 4 South Irving unit (left to right) Karen Guynup, RN; Colleen Phinney, interim director for Medical Surgical Nursing; and Molly Ganley, NP.

Caduceus Circle

The Crouse Health Foundation Caduceus Circle recognizes the generous physicians who make an annual donation of \$500 or more to the Crouse Health Foundation. By making an annual contribution, physicians support opportunities that enhance Crouse Health's efforts to provide the best in patient care to patients, their families and the communities we serve. Thank you to the following Caduceus Circle members for your commitment to your patients and to the future of Crouse Health.

The Caduceus Circle recognizes generous physicians who make an annual contribution to the Crouse Health Foundation to enhance care for patients, families and the communities we serve.

Report of Donors

In 2018, donors to the Crouse Health Foundation made generous contributions to support the ongoing work of Crouse Health in its mission to provide the best in patient care and to promote community health. Listed are non-event donations and pledge payments received between Jan. 1 and Dec. 31, 2018. (Donations to events are listed in a separate section of this publication.) If your name has been omitted, misspelled or misplaced, please let us know by contacting the Crouse Health Foundation at 315-470-7702 or CrouseFoundation@crouse.org.

In Loving Memory

When Marie Bechard passed away, family and friends made memorial contributions to the Crouse Health Foundation in her memory. Marie's family had one request: that donations should be used to purchase a reclining chair for 4 South Irving, where Marie spent nearly four years as a patient. Marie's family remains thankful for the compassionate care she received from the nurses and staff at Crouse. Seated in the new recliner is Marie's husband of 66 years, Angelo Bechard, with (left to right) daughter Jennifer Ingerson; Karen Guynup, RN; Colleen Phinney, interim director for Medical Surgical Nursing; and Marie's daughters, Carlene Briggs and Rebecca Eassa.

The Crouse Hospital Auxiliary is an all-volunteer organization that raises funds to support Crouse Hospital. Since 1888, the Auxiliary has raised several million dollars to help fund hospital equipment, programs and services, as well as nursing scholarships. The group, which includes more than 500 community members, generates funds from sources such as the Auxiliary's in-hospital and online gift shop; special events like Lights of Love; and various fundraisers, book sales and membership dues. Pictured are Auxiliary Board Members Frank McDowell and Paula Miller, and Auxiliary President Dell Ford-Jordan with the Auxiliary's plaque in the Pomeroy Emergency Services Department, recognizing the Auxiliary's contributions to the new facility.

For three decades, Richard J. Steinmann, MD, served as the Medical Director of Emergency Services at Crouse. In 2015, he transitioned from that role to become Vice Chief and Associate Medical Director of the department, a full-time position that includes providing emergency care to patients and participating in leadership activities. On Oct. 4, we celebrated the creation of the Richard J. Steinmann, MD, Emergency Medicine Education Fund, which is an endowed fund to underwrite a teaching day for emergency services physicians, staff and other medical professionals. The first teaching day will be held in 2019. Dr. Steinmann is pictured with his wife, Kathleen Steinmann, DNP.

Lilly Wallis celebrated her 7th birthday with a painting party. In lieu of gifts, the Mott Road Elementary student asked her friends and party guests to bring donations for Little Fighters in the Baker Regional NICU. Lilly's mom, Jodi Wallis, DO, delivers babies at Crouse and Lilly said she wanted to make a donation because she "cares about the NICU babies and wants them to be able to go home." Lilly collected preemie sized clothing and monetary donations, which she delivered to Crouse with her family.

Alumna's Bequest Supports Future Nurses

Thanks to the generosity of alumna Helen Klinko Mangan (Class of 1948) and her husband, Dr. Albert F. Mangan, future students in the Pomeroy College of Nursing will be eligible for full scholarships.

Born in Ithaca, NY, Helen Klinko attended the Crouse-Irving School of Nursing and worked as a rural public health nurse. Albert Mangan, a native of Sherrill, NY, graduated from the NYS College of Forestry in Syracuse before entering the military in 1942. After discharge, he returned to Syracuse University to earn his medical degree. The couple married in 1953 and moved to Washington, where Dr. Mangan opened his

medical practice in Port Angeles, WA. Helen became the office manager and, together, they worked and volunteered in their community.

Helen passed away in 2012 and Albert in 2017. Through a generous bequest, the Dr. Albert and Helen Klinko Mangan Scholarship Fund was created within the Crouse Health Foundation's endowment fund.

We are honored to be the beneficiary of this gift that will greatly impact the education of our future nursing students.

The staff of Crouse Health's Baker Regional Neonatal Intensive Care Unit (NICU) will have a new break room in the future, thanks to a donation from Geddes Federal Savings & Loan Association. Crouse employs more than 170 NICU nurses and pediatric specialists who provide care around the clock to premature and critically ill babies, affectionately known as Crouse Little Fighters. The \$50,000 contribution from Geddes Federal Savings & Loan Association will be used to provide a relaxing space for staff to take a break from the unpredictable and challenging aspects of providing care to fragile infants.

The enhanced break room is one piece of a planned \$31 million renovation of Crouse's NICU, located on the 9th floor of the hospital's Irving tower. Plans are still being finalized for the project with a focus on modernizing the unit and providing more space for families to bond with their infants.

The Crouse Health Foundation is raising \$10 million through private gifts to the CrouseCares comprehensive campaign to support the NICU expansion and renovation project. Contact Director of Philanthropy Jeffry Comanici at jeffrycomanici@crouse.org or 315-470-7054 to learn more.

Photo: Betty O'Connor, director of Women and Infants Services at Crouse Health (left) and Erin Coleman, nurse manager for the Baker Regional NICU (right), accepted a donation from Brian DuMond, president & CEO of Geddes Federal Savings & Loan Association.

Milestones & Memories

Crouse Health Foundation's Milestones & Memories special occasions giving program provides an avenue for donors to mark an important milestone in their life or honor the memory of someone dear. Gifts may be given to celebrate the birth of a child, to express thanks for a successful surgery, or to observe a special birthday or anniversary. We're pleased to recognize these special gifts and are sincerely grateful to donors for choosing to commemorate a milestone or memory in this meaningful way.

The following list recognizes individuals honored from January to December 2018.

Special Events

Each year, special events raise much needed funds to support the Crouse Health Foundation. Led by volunteer chairs, our four special events in 2018 raised more than \$600,000 in net proceeds to benefit programs and services across Crouse Health. Both returning and new supporters contributed to the longtime success of signature events: Crouse Health Tribute Evening and the Crouse Classic Golf Tournament. Other events in 2018 included the Crouse Health Polo for Preemies and the inaugural Crouse Spirit of Women Outing.

Crouse Spirit of Women Outing

The inaugural Crouse Spirit of Women Outing was held at Lake Shore Yacht & Country Club on June 4. The sold-out field of 72 women golfers participated in a Captain & Crew format, followed by a festive reception featuring 24-year-old Rachel Wilson, a Crouse NICU preemie who shared her inspirational story of survival.

(Left to right) Crouse Health President & CEO Kimberly Boynton; Mary Rose Wright (Rachel's grandmother); former Crouse Little Fighter Rachel Wilson; Diane Nies (Rachel's mother); Pam Ryman (Rachel's godmother and respiratory therapist) and NICU Nurse Manager Erin Coleman. Pam Ryman was part of the care team that saved Rachel's life as a newborn in the Baker Regional NICU.

Crouse Classic Golf Tournament

The 17th annual Crouse Classic Golf Tournament exceeded expectations with net proceeds of \$133,000, a new record in the tournament's history. In addition to record-setting proceeds, a tournament record score of 56 was achieved by the A Flight winning team from Syracuse Orthopedic Specialists. All took place on Syracuse's hottest day of 2018 with a temperature of 95 degrees.

Net proceeds from the tournament were used to purchase fiber-optic endoscopes for the Baker Regional NICU. Specifically sized for tests and procedures for newborns, this equipment is the most advanced for diagnosing and treating gastrointestinal and respiratory ailments in premature and critically ill babies. These scopes feature state-of-the-art optical imaging technology that enhances the visibility of vessels and other tissues and, through special brightness and contrast displays, a physician's viewing distance is virtually doubled.

BPAS Actuarial & Pension Services golfers enjoyed the morning session.

Crouse Health Polo for Preemies

Crouse Health Foundation's 3rd Annual Crouse Health Polo for Preemies was held on Sunday, July 29, at the Skaneateles Polo Club. Net proceeds of \$49,000 will benefit critically ill and premature infants in Crouse Health's Baker Regional NICU.

The Fatti family enjoyed the action at the 3rd annual Crouse Health Polo for Preemies. Two-year-old Aria, a former Crouse Little Fighter, is now a big sister to twins Chloe and Livia.

Attendees participate in the Needle-in-the-Haystack competition to win a ring donated by Cazenovia Jewelry.

Crouse Health Tribute Evening

William "Bill" Loftus, MD, was honored at the 42nd annual Crouse Health Tribute Evening on Friday, Sept. 21, at the Nicholas J. Pirro Convention Center, The Oncenter.

Nearly 1,200 guests enjoyed an extended reception, gourmet dinner, tribute presentation and entertainment by Atlas. The highlight of the evening was the salute to Dr. Loftus, a beloved obstetrician-gynecologist who has served on the Crouse Health Medical Staff for many years. Well respected by his physician colleagues, Crouse staff members and patients, Dr. Loftus has delivered more than 15,000 babies at Crouse during his decades of service. He currently practices with Loftus, Ryu & Bartol MDs, PC. Net proceeds of \$420,000 were announced to benefit Crouse Health's mission to provide the best in patient care and promote community health.

(Left to right) Crouse Health Foundation Board Chair Steve Miron; William "Bill" Loftus, MD; Crouse Health President & CEO Kimberly Boynton, and Crouse Health Board Chair Patrick Mannion at the 42nd annual Crouse Health Tribute Evening.

Greg Ryder (center) was the lucky winner of the Rolex watch donated by Henry Wilson Jewelers. He is pictured along with his wife Kristen Ryder, Robert Wilson of Henry Wilson Jewelers, father-in-law Michael Reilly and mother-in-law Pam Reilly.
