# 3,000 Lights

Each of the 3,000 lights on the iconic Crouse clock tower are illuminated, representing gifts – given in honor or in memory of someone – that will support the hospital's ability to provide comprehensive medical services and programs for our community.

# Small Gestures . . . Big Impact

- Small, thoughtful gestures help us to stay connected in a world where we long for acceptance and a sense of community.
- Every day we can demonstrate character through one small gesture at a time – from being friendly at work, to yielding for another car in traffic, to showing gratitude to someone who helped us.

# Small Gestures . . . Big Impact

Small gestures extended by physicians and staff comprise the foundation of the Crouse culture. Members of the Crouse family carry with them the elegance and grace of another time, and we are always thankful for our contact with them.

The Auxiliary will follow that lead and use proceeds from this year's Lights of Love campaign to fund gestures that are meaningful to our patients and critical for their care, including...

# Small Gestures . . . Big Impact

- a fetal monitor for laboring moms in the Kienzle Family Maternity Center;
- an intra-aortic balloon pump for heart catheterizations in the Miron Cardiac Care Center; and
- a portable ultrasound machine to support the patient care efforts of Crouse Health's Comprehensive Stroke Program.

Individual donations  
supporting this year's  
campaign include . . .

*"In appreciation of all the workers at Crouse Hospital  
and their smiling faces."*

*"In memory of  
my beloved  
daughter, Terry."*

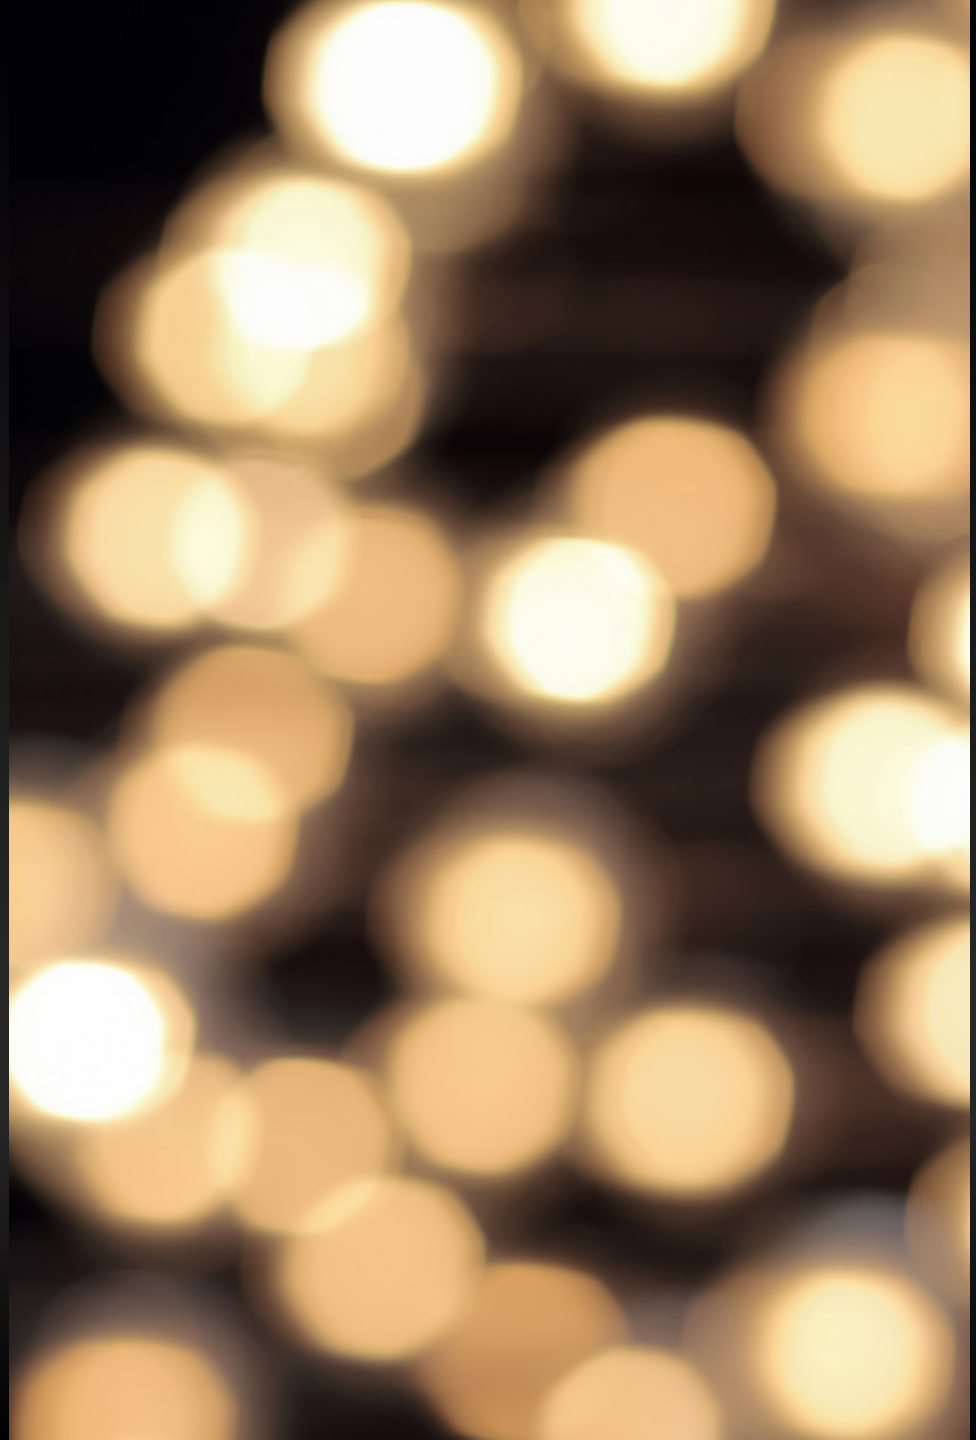

*"... to my family nearby  
and far away..."*

*"In memory of my  
son, Scott.*

*He lived a very short  
life, but loved much."*

*"As a gift for  
my Mom..."*

*"People will never forget how  
you made them feel."*
